Ms. Jessica Goldberg
Senior Regulatory Affairs Specialist
CHEMSICO,
Division of United Industries Corporation
P.O. Box 142642
St. Louis, MO 63114-0642

Subject: Label Amendment – Correction of Typographical Error in Ingredient Statement
Product Name: Chemsico Aerosol Insecticide GN-F
EPA Registration Number: 9688-322
Application Date: July 14, 2015
Decision Number: 507651

Dear Ms. Goldberg:

The amended label referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide and Rodenticide Act, as amended, is acceptable. This approval does not affect any conditions that were previously imposed on this registration. You continue to be subject to existing conditions on your registration and any deadlines connected with them.

A stamped copy of your labeling is enclosed for your records. This labeling supersedes all previously accepted labeling. You must submit one copy of the final printed labeling before you release the product for shipment with the new labeling. In accordance with 40 CFR 152.130(c), you may distribute or sell this product under the previously approved labeling for 18 months from the date of this letter. After 18 months, you may only distribute or sell this product if it bears this new revised labeling or subsequently approved labeling. "To distribute or sell" is defined under FIFRA section 2(gg) and its implementing regulation at 40 CFR 152.3.

Should you wish to add/retain a reference to the company's website on your label, then please be aware that the website becomes labeling under the Federal Insecticide Fungicide and Rodenticide Act and is subject to review by the Agency. If the website is false or misleading, the product would be misbranded and unlawful to sell or distribute under FIFRA section 12(a)(1)(E). 40 CFR 156.10(a)(5) list examples of statements EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product's label, claims made on the website may not substantially differ from those claims approved through the registration process. Therefore, should the Agency find or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA approved registration, the website will be referred to the EPA's Office of Enforcement and Compliance.

Your release for shipment of the product constitutes acceptance of these conditions. If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6. If you have any questions, please contact Mr. Carmen J. Rodia, Jr. by phone at (703) 306-0327, or via email at Rodia.Carmen@epa.gov.

Sincerely,

A handwritten signature in dark ink, appearing to read 'Gebken', written in a cursive style.

NET Wt. 16 OZ. (1 lb.)/ 453 g

STOP. READ ENTIRE LABEL BEFORE USE.

Shake well before using.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling. Intended for indoor home use only. **Do not use on pets.**

People and pets should not be allowed in treated areas until spray has dried.

INDOORS [Graphic showing Indoor treatment sites.]

To kill fleas, thoroughly vacuum area to be treated. Adjust spray to create a fine spray. Treat carpeted areas and baseboards of hard surfaced floors. Evenly apply a fine mist or spray to carpets, rugs, drapes, and surfaces of upholstered furniture by using a wide sweeping motion. Also spray floors underneath furniture, sofas, chairs and beds. Do not saturate surfaces. Treat or thoroughly wash pet bedding, a primary hiding place for fleas. Repeat as necessary. **Do not spray humans or pets with this product.** For long-term flea control, apply 16 oz per 110 square feet.

To kill other crawling insects, such as ants*, ticks, spiders**, silverfish and crickets spray directly on pests.

* Except Fire, and Pharaoh Ants

** Except Black Widow and Brown Recluse Spiders

To kill carpet beetles, thoroughly spray along baseboards and edges of carpeting, under carpeting, rugs and furniture, in closets and on shelving, and wherever else insects are seen or suspected.

To kill dust mites, thoroughly vacuum entire room, concentrating on areas where dust mites congregate such as headboards, walls, floors, carpeting and baseboards. Apply as a spot treatment to those areas.

Note: Test inconspicuous sample of fabric or rug for staining before use. Check carpet manufacturer's warranty and care and maintenance information before using product on your specific brand of carpeting.

STORAGE AND DISPOSAL

Store in cool, dry area away from heat or open flame. Do Not Puncture or Incinerate!

If empty: Nonrefillable container. Do not reuse or refill this container. Place in trash or offer for recycling, if available. **It partly filled:** Call your local solid waste agency for disposal instructions.

PRECAUTIONARY STATEMENTS

Hazards to Humans and Domestic Animals

CAUTION. Causes moderate eye irritation. Avoid contact with eyes or clothing. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum or using tobacco.

ACCEPTED

11/09/2015

Under the Federal Insecticide, Fungicide and Rodenticide Act as amended, for the pesticide registered under

EPA Reg. No. 9688-322

FIRST AID

If in eyes: Wash thoroughly with soap and water after product use. Have the product container or label with you when calling a Poison Control Center or doctor or going for treatment.

Physical or Chemical Hazards

Contents under pressure. Do not use or store near heat or open flame. Do not puncture or incinerate container. Exposure to temperature above 130° F may cause bursting.

NOTICE: To the extent consistent with applicable law, buyer assumes all responsibility for safety and use not in accordance with directions.

Optional Marketing Language

[3 Step Flea Control Program: 1. Treat your home with Chemsico Aerosol Insecticide GN-F. 2. Treat your yard [with a product designed for lawn treatment]. 3. Treat your pet [with a product designed for on-pet use].]

[Chemsico Aerosol Insecticide GN-F kills fleas, ticks, carpet beetles [and] dust mites [and other listed crawling insects]. It contains a combination of active ingredients that kills adult fleas, as well as flea eggs and larvae. Nylar®, one of the active ingredients kills fleas by preventing them from developing into biting adults for up to [210 days] [7 months]. When used as directed this product will not stain furnishings or carpeting]

Optional Product Facts Box

Where to Use: Broadcast treatment on carpets and hard to reach places

How Much to Use: Apply 16oz per 110 square feet. Do not saturate.

How Often to Use: Inspect the area for fleas two weeks after initial treatment and reapply if necessary. If ticks are present, spray directly on ticks to kill.

FOR BEST RESULTS USE THIS PRODUCT AS PART OF A COMPREHENSIVE FLEA & TICK TREATMENT PLAN.

An effective flea & tick control program includes simultaneous, coordinated treatment of the home, yard & pet. Treatment and prevention go hand in hand so it's key to treat all 3 areas. This integrated pest management approach involves inspection, cleaning, and targeting eggs, larvae & adults with the appropriate insecticides. Follow up treatments are almost always necessary as flea & tick problems will not be solved with just a one treatment approach.

This product is for Home Treatment
